

Presents

We are pleased to announce the 17th year anniversary of our annual SpraySafe event, where we host over 700 participants whose primary goals are safety and best practices within our agricultural industry. This event has been scheduled to take place **Friday, January 20th, 2023**, at the **Kern County Fair Grounds**. Early Registration/Trade Show begin at 7 a.m., Workshops/Break Out Sessions starting at 8:30 A.M., and afternoon presentations and complimentary lunch followed by raffles and giveaways.

The Spray Safe planning committee cannot make this event possible without the financial support of Kern County's agricultural community. We rely on the generosity of farm owners, pesticide applicators and advisors, supplier representatives, and anyone concerned about the industry's future. All contributions are welcomed and very much appreciated.
